

Headway Regional Training

Cognitive rehabilitation issues

Tuesday 25th March

9:30am – 4pm

Victoria Dock Village Hall

South Bridge Road, Victoria Dock

Kingston upon Hull

HU9 1TL

This is a one-day interactive workshop on the latest developments in cognitive rehabilitation following acquired brain injury. This workshop aims to balance knowledge and theory with practical examples of compensatory strategies for some of the common cognitive impairments that follow brain injury.

Participants will have the opportunity to work with case studies and develop their skills of holistic assessment, reflective practise and practical approaches to helping people living with acquired brain injury. Video illustrations reinforce knowledge throughout the day.

How to book

The workshop is free for Headway staff/volunteers and £90 + VAT per day for professionals and others. There is a £5 per place discount for bookings of four delegates or more.

To book a place on either of the courses please simply fill out an online booking form at <http://www.headway.org.uk/training-booking-form.aspx>

Refreshments including a two course salad buffet lunch will be provided.

Regional training

Headway are committed to raising awareness of the difficulties facing people who suffer brain injuries and their carers and improve the knowledge and skills of people working with them. To do this we provide training in these issues to professionals, volunteers, carers and survivors.

The training is designed to be interactive and engaging to ensure delegates reach the learning outcomes.

For further details on the Cognitive Rehabilitation training and for information about other courses please contact: The Training Administrator on 0115 924 0800 or email: training.admin@headway.org.uk
